CAREER OBJECTIVE

To attain a challenging position in an IT company that fosters innovation, where I can apply my technical expertise and in-depth knowledge of information technology to contribute effectively to the organization's success and improve my knowledge.

SKILLS

- Languages : Java, Javascript.
- Frameworks : Node.js, Express.js, TailwindCSS.
- Libraries : React.js, Redux. Axios.
- Version Control : Git.

EDUCATION

- **Dr.A.P.J.Abdul Kalam Technical University (AKTU) UttarPradesh,Lucknow**
Bachelor of Technology (CSE).
ITS Engineering College, Greater Noida | 2020-2024.
- **Higher Secondary School Tangmarg(JandK)**
12th | 79%.
- **High School Warapora(JandK)**
10th | 78%.

PROJECTS

- **InsightIQ (a knowledge sharing platform) (React, MongoDB, Node.js,ReactQuill).**
I made this interesting web application with the power of react and node and users can share the knowledge, discuss and post the comments.
Built a secure login and register APIs to get user authenticated.
Used firebase for Google login feature.
- **Real Time Chat App (React.js,Node.js,Socket.io,Context Api).**
Developed a real-time chat app using React.js, Node.js, Socket.io, and Context API.
Implemented Socket.io for instant group chat functionality and user additions to chat groups
User can create the chats with others users and can add more users to the chat in groups.
- **Student Result Management System (React, MongoDB, Node.js).**
Designed an intuitive web interface for managing student records and results.
Utilized MongoDB to efficiently store and retrieve student data and academic records.
Built a responsive application for easy access and management.

CERTIFICATION

- Java SDE | Coding Ninjas | June 2023
